Then work out for every page the conversion ratio between visitors to your site and gross sales of your book. This can inform you what your optimum value is.

In the end, when you've written a guide that solves a drawback or presents a brand new approach,

your book will herald both site visitors and profits. So you should definitely write that selling-deal with sentence that sums up what downside your guide solves and what the advantages of your 109 ebook will probably be to the shoppers who purchase it. And then watch your market come to you!
