One other technique is to test out prices by creating a number of duplicate sales pages with completely different costs on each page. Be sure that your gross sales copy is precisely the identical on every web page, and includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your website and sales of your book. This will inform you what your optimum price is.

book will bring in both visitors and profits. So you'll want to write that promoting-handle sentence that sums up what downside your guide solves and what the advantages of your 11 ebook will be to the shoppers who buy it. After which watch your market come to you!
