Do this by making a gross sales web page for the new ebook, but do not embrace a worth on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to test out prices by making a number of duplicate gross sales pages with completely different costs on each page. Be sure your sales copy is strictly the similar on every

web page, and consists of your selling-deal with sentence. Then figure out for every web page the conversion ratio between guests to your web site and sales of your book. This can let you know what your optimum price is.

Finally, should you've written a e book that solves a problem or presents a new method, your e-book will herald both visitors and profits.
