Start on the highest price the market will bear to usher in the largest profits, and plan to discount the book a number of instances all through the year.

Advertising Methods

The important thing that unlocks the gross sales potential of your e-book is to find a single sentence that becomes your selling handle. Moreover promoting your books assiduously online, there are several different strategies that may show you how to promote more books.

One is to give one thing away for free along with your e-book, reminiscent of a helpful bonus item. Or bundle several ebooks below one worth, which lowers the value for each e book if they have been bought separately.

An effective method for figuring out a worth is to send out a survey to your current customers. If these prospects have already bought an book from you, ask for his or her opinion when it comes to price. Do this by making a sales web page for the new e-book, however don't embrace a value on that page. As an alternative, add various links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out prices by making a number of duplicate gross sales pages with completely different prices on each page. Be certain your gross sales copy is exactly the same on

each page, and consists of your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your website and sales of your book. This will let you know what your optimum value is.

In the end, if you happen to've written a e-book that solves a downside or presents a new technique, your book will usher in both traffic and profits. So be sure you write that selling-handle sentence that sums up what problem your ebook solves and what the advantages of your 1126 e-book will probably be to the customers who buy it.
