After you figure out your objective, you have to work out what your audience's need is on your ebook. For instance, does your e-book resolve a selected problem? If it does, and solves it in a method that hasn't been written about in one hundred different ebooks, you may be able to achieve

high gross sales at an excessive price. In case your guide solves an issue or answers questions in a brand new and unique way, you must value your e book as high as you possibly can go. You will achieve bigger profits this manner, but bring in fewer customers. Just make sure the query or drawback that your e book solves is one that is vital and related to nearly all of your market audience. In case your concepts are usually not widespread data, or you are presenting a brand new method, it is possible for you to to sell books at a high price. If you wish to see large earnings over customer draw, aim for an audience that's looking for simple solutions to their problems at a low price. If your book is geared toward fixing one particular downside rather than general advice, then you possibly can cost more. Begin at the highest value the market will bear to bring in the largest income, and plan to low cost the book a variety of instances throughout the year.
