One other technique is to test out costs by making a variety of duplicate sales pages with completely different prices on each page. Make certain your sales copy is precisely the same on each web page, and includes your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and gross sales of your book. This will let you know what your optimum value is.

Ultimately, in case you've written a e book that solves a problem or presents a new approach, your book will herald both visitors and profits.
