An effective approach for determining a value is to ship out a survey to your current customers. If these customers have already purchased an ebook from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the brand new book, but do not embody a value on that page. As an alternative, add various links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out prices by making a number of duplicate sales pages with completely different prices on each page. Be sure your gross sales copy is precisely the similar on each page, and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and gross sales of your book. This will tell you what your optimum value is.

In the end, when you've written a ebook that solves a problem or presents a brand new technique, your e book will herald both visitors and profits.
