Then make sure to use that sentence in each piece of sales and promotional material, and each time anyone asks you about your ebook.

In addition to promoting your books assiduously on-line, there are a number of other methods that can help you promote more books.

One is to present something away free of charge along with your e book, reminiscent of a invaluable bonus item. Or bundle several ebooks under one worth, which lowers the price for each e book if they had been bought separately.

An effective technique for figuring out a worth is to ship out a survey to your current customers. If these customers have already purchased an e book from you, ask for their opinion in terms of price. Do that by making a gross sales web page for the new e book, however don't include a value on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with different prices on every page. Make certain your sales copy is precisely the same on every web page, and consists of your promoting-deal with sentence. Then work out for each page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum value is.

In the end, for those who've written a book that solves a downside or presents a brand new approach, your ebook will bring in each site visitors and profits. So you should definitely write that selling-handle sentence that sums up what downside your ebook solves and what the advantages of your 1374 e book will be to the purchasers who buy it. And then watch your market come to you!
