The bottom line is to find a price that maximizes your earnings and the variety of books you sell.

This is a superb pricing strategy if you're looking to acquire lengthy-time period customers. Lengthy-term customers are extremely doubtless to buy from you again and again ? so long as the first book they buy is of exceptional high quality and useful to the customer.

Nevertheless, in case your e-book incorporates beneficial ? and extra importantly NEW information, references, or techniques ? then it's best to aim to cost it on the high end.

If you wish to see giant profits over buyer draw, goal for an audience that is looking for simple solutions to their issues at a low price. If your book is aimed toward solving one explicit problem slightly than common advice, then you may cost more. Start on the highest value the market will bear to usher in the largest income, and plan to discount the e book a variety of times throughout the year.
