Begin at the highest value the market will bear to bring in the largest profits, and plan to discount the book a number of times all through the year.

Advertising Methods

The important thing that unlocks the sales potential of your ebook is to discover a single sentence that becomes your promoting handle. Then be sure you use that sentence in each piece of gross sales and promotional materials, and every time anybody asks you about your ebook.

In addition to selling your books assiduously on-line, there are several different methods that may allow you to sell extra books.

One is to provide one thing away at no cost with your e-book, akin to a beneficial bonus item. Or bundle several ebooks below one value, which lowers the worth for every ebook if they have been bought separately.

An efficient approach for figuring out a value is to send out a survey to your current customers. If these customers have already bought an e book from you, ask for their opinion by way of price. Do that by creating a gross sales web page for the new book, but do not embrace a price on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to test out costs by making a number of duplicate gross sales pages with completely different prices on every page. Be certain that your sales copy is strictly the same on

every web page, and contains your selling-handle sentence. Then determine for every page the conversion ratio between guests to your site and gross sales of your book. This may tell you what your optimum price is.

Ultimately, for those who've written a guide that solves a downside or presents a new approach, your ebook will bring in both traffic and profits. So you should definitely write that promoting-deal with sentence that sums up what drawback your guide solves and what the advantages of your 1976 book will be to the shoppers who buy it. After which watch your market come to you!
