An effective approach for determining a value is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion by way of price. Do that by creating a gross sales page for the new e book, but do not include a price on that page. Instead, add quite a few links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out prices by making a number of duplicate sales pages with completely different prices on every page. Make certain your gross sales copy is exactly the similar on every web page, and contains your promoting-deal with sentence. Then determine for each web page the conversion ratio between visitors to your website and sales of your book. It will tell you what your optimum value is.

In the end, should you've written a e book that solves a downside or presents a brand new method, your e book will herald both visitors and profits.
