An efficient approach for determining a price is to ship out a survey to your current customers. If these clients have already purchased an ebook from you, ask for his or her opinion when it comes to

price. Do this by creating a gross sales page for the brand new ebook, but don't embody a price on that page. Instead, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to check out costs by creating a variety of duplicate gross sales pages with different prices on each page. Make sure your gross sales copy is exactly the same on every web page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and gross sales of your book. This can let you know what your optimum worth is.

Finally, in case you've written a book that solves a drawback or presents a new approach, your ebook will herald each site visitors and profits. So you should definitely write that selling-deal with sentence that sums up what downside your e-book solves and what the advantages of your 2175 e-book will be to the shoppers who purchase it.
