One other technique is to test out costs by making a number of duplicate gross sales pages with completely different costs on every page. Be certain your sales copy is precisely the similar on

every web page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum value is.

Finally, in the event you've written a e book that solves a problem or presents a brand new technique, your book will herald both site visitors and profits.
