Another technique is to test out costs by creating a variety of duplicate sales pages with completely different costs on every page. Make certain your sales copy is exactly the same on every web page, and consists of your selling-handle sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. This will let you know what your optimum price is.

Finally, in the event you've written a e book that solves a problem or presents a new technique, your e-book will herald each traffic and profits.
