sales and promotional material, and every time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are a number of different strategies that can make it easier to promote more books.

One is to give something away without cost with your guide, corresponding to a precious bonus item. Or bundle a number of ebooks under one worth, which lowers the worth for each ebook in the event that they had been bought separately.

An effective method for determining a price is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion when it comes to price. Do this by making a sales web page for the new guide, however do not include a worth on that page. As a substitute, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to test out prices by making a number of duplicate gross sales pages with different costs on each page. Make certain your sales copy is exactly the same on every page, and includes your selling-deal with sentence. Then determine for each page the conversion ratio between guests to your web site and gross sales of your book. This may let you know what your optimum worth is.

Ultimately, in the event you've written a guide that solves a drawback or presents a new approach, your guide will usher in both visitors and profits.
