An efficient technique for determining a price is to send out a survey to your current customers. If these clients have already purchased an ebook from you, ask for his or her opinion by way of price. Do that by making a sales page for the new ebook, but do not embody a price on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out prices by making a number of duplicate gross sales pages with completely different costs on every page. Be sure your sales copy is strictly the similar on each web page, and includes your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum value is.

Ultimately, for those who've written a book that solves a problem or presents a new approach, your

ebook will usher in both visitors and profits. So make sure to write that promoting-handle sentence that sums up what problem your book solves and what the benefits of your 343 e-book shall be to the purchasers who buy it. And then watch your market come to you!
