An efficient technique for figuring out a price is to send out a survey to your current customers. If these prospects have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales page for the brand new book, but do not embrace a price on that page. As a substitute, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to check out costs by making a number of duplicate gross sales pages with completely different costs on each page. Be certain your gross sales copy is exactly the same on

every page, and contains your promoting-handle sentence. Then figure out for every web page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum value is.

Ultimately, in case you've written a e book that solves a problem or presents a new method, your book will bring in each site visitors and profits. So be sure to write that selling-handle sentence that sums up what downside your e book solves and what the advantages of your 5 guide shall be to the shoppers who purchase it.
