sales and promotional material, and each time anyone asks you about your ebook.

In addition to selling your books assiduously online, there are a number of other strategies that can help you promote more books.

One is to present one thing away totally free along with your e book, such as a helpful bonus item. Or bundle a number of ebooks under one worth, which lowers the value for each book in the event that they had been bought separately.

An efficient technique for figuring out a worth is to send out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for their opinion when it comes to price. Do this by creating a gross sales web page for the new ebook, however don't embody a price on that page. As an alternative, add numerous links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out prices by making a variety of duplicate sales pages with different costs on each page. Ensure that your gross sales copy is exactly the identical on every page, and includes your selling-deal with sentence. Then figure out for every page the conversion ratio between guests to your site and gross sales of your book. This may tell you what your optimum value is.
