An effective approach for figuring out a price is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for his or her opinion when it comes to price. Do that by making a sales page for the brand new ebook, but do not include a value on that page. Instead, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by creating a variety of duplicate gross sales pages with different costs on every page. Be certain your gross sales copy is strictly the same on each web

page, and includes your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your web site and sales of your book. This can let you know what your optimum value is.

Finally, when you've written a guide that solves a downside or presents a new approach, your e book will bring in each visitors and profits. So be sure to write that promoting-deal with sentence that sums up what drawback your e book solves and what the advantages of your 570 e book will likely be to the shoppers who purchase it.
