An efficient method for determining a price is to send out a survey to your current customers. If these prospects have already bought an book from you, ask for his or her opinion when it comes to price. Do this by making a sales page for the new ebook, however do not include a price on that page. Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out prices by creating a variety of duplicate sales pages with different prices on every page. Ensure your gross sales copy is precisely the identical on every page, and includes your promoting-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and sales of your book. This may inform you what your optimum value is.

Ultimately, in case you've written a e book that solves a problem or presents a brand new approach, your guide will bring in each traffic and profits. So you'll want to write that selling-handle sentence that sums up what downside your ebook solves and what the advantages of your 62 book shall be to the shoppers who buy it.
