Marketing Strategies

The important thing that unlocks the gross sales potential of your book is to find a single sentence that turns into your selling handle. Then remember to use that sentence in each piece of sales and promotional material, and each time anybody asks you about your ebook.

Moreover promoting your books assiduously on-line, there are a number of other strategies that may allow you to sell more books.

One is to give something away without cost with your e book, resembling a helpful bonus item. Or bundle a number of ebooks under one price, which lowers the worth for each book if they were sold separately.

An efficient approach for figuring out a worth is to ship out a survey to your present customers. If these customers have already purchased an book from you, ask for his or her opinion when it comes to

price. Do this by making a sales web page for the new guide, but don't embrace a value on that page. As a substitute, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to test out prices by creating a variety of duplicate gross sales pages with completely different costs on each page. Make sure your gross sales copy is precisely the same on every web page, and includes your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your site and gross sales of your book. This may inform you what your optimum value is.

Finally, if you happen to've written a book that solves a drawback or presents a brand new method, your ebook will bring in both site visitors and profits. So make sure you write that selling-handle sentence that sums up what drawback your ebook solves and what the advantages of your ebook will be to the shoppers who purchase it. After which watch your market come to you!
