Another technique is to test out prices by creating a variety of duplicate gross sales pages with different prices on every page. Be sure that your gross sales copy is exactly the identical on each page, and consists of your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum worth is.

Finally, if you happen to've written a book that solves a downside or presents a brand new approach, your guide will usher in both traffic and profits.
