Another technique is to test out prices by making a number of duplicate sales pages with totally different prices on each page. Make sure your gross sales copy is strictly the similar on every web

page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum worth is.

Ultimately, for those who've written a guide that solves a downside or presents a brand new approach, your guide will usher in both site visitors and profits.
