and promotional materials, and each time anybody asks you about your ebook.

An effective method for figuring out a price is to send out a survey to your present customers. If these clients have already bought an book from you, ask for their opinion in terms of price. Do this by creating a sales page for the brand new book, however don't embody a worth on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to check out prices by making a number of duplicate gross sales pages with completely different prices on every page. Make certain your sales copy is strictly the identical on each web page, and includes your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. This will tell you what your optimum worth is.

Finally, should you've written a ebook that solves a problem or presents a new approach, your e book will bring in each site visitors and profits. So you'll want to write that selling-deal with sentence that sums up what downside your e book solves and what the advantages of your 944 guide will likely be to the shoppers who purchase it.
